

Christopher Boyes, MD

Coastal Vein and Vascular Specialists

Coastal Vein and Vascular Specialists (CVVS) represents a medical team of practitioners that are committed to the highest excellence of vascular medical care. Each highly skilled professional has decades of combined experience evaluating and treating the most complex of vascular disorders. Every professional at Coastal Vein and Vascular remains at the forefront of the latest techniques to provide the best possible results for every patient. Dr. Christopher Boyes is a board-certified vascular surgeon and is a native of Palm Beach Gardens. After completing his vascular surgery fellowship from Carolinas Medical Center in Charlotte, North Carolina, he was an academic vascular surgeon and the assistant program director for the Sanger Heart & Vascular Institute for many years. He has published numerous articles highlighting his passion for limb salvage and critical limb ischemia and serves

as a member on multiple committees and advisory boards. He is a fellow in the American College of Surgeons and is a member of the Society for Vascular Surgery. He recently moved back to Palm Beach Gardens to offer an academic level of excellence in vascular medical care to our community.

Dr. Boyes is proficient with open and endovascular surgery including aneurysms, carotid, venous and arterial disease, dialysis access, TCAR, EVAR, and TEVAR. Office-based procedures include the latest technologies for spider and varicose veins. His certified physician assistant, Richard Garibaldi, is an American Academy of Physician Assistants Distinguished Fellow. CVVS also incorporates an accredited vascular laboratory, and the RVT (registered vascular technologist) ultrasound technologists possess many years of combined experience.
